

CORROSION AWARENESS DAY-2022 [CAD-2022]

Organized by

National Corrosion Council of India, Karaikudi

in Collaboration with

CSIR-Central Electrochemical Research Institute, Karaikudi

Date & Day : April 21, 2022 (Thursday)

Venue : Dr. Abdul Kalam Auditorium, CSIR-CECRI

Time : 9.00 – 17.30 Hrs

Mode : Invited talks by Online and poster presentations by Offline

The World Corrosion Organization (WCO) celebrates International Corrosion Awareness program in the month of April every year. In many countries, activities are organized during this month to disseminate the effects of corrosion in everyday life, by considering the economy and the environment. Necessary information needs to be conveyed to the public, industry and educational institutions regarding solutions and remedial measures to combat corrosion.

In line with WCO's goal, to increase the awareness of all issues of corrosion to the industry, public and government, National Corrosion Council of India (NCCI) in collaboration with CSIR-Central Electrochemical Research Institute (CSIR-CECRI) is organizing the Corrosion Awareness Day-2022 [CAD-2022] on **21st April 2022** at Dr. Abdul Kalam Auditorium, CSIR- Central Electrochemical Research Institute, Karaikudi.

National Corrosion Council of India (NCCI), Karaikudi

National Corrosion Council of India (NCCI), is a non-profit organization, serving for effective dissemination of knowledge on corrosion and its control. It is functioning at the premises of CSIR-Central Electrochemical Research Institute, Karaikudi since 1994. NCCI organizes National Congress on Corrosion Control and Workshops periodically, covering all aspects of Corrosion Science and Engineering, for enlightening and increasing the awareness on Corrosion and its Control. These conferences were conducted at cities like Bengaluru, Mumbai, Chennai, New Delhi, Kolkata, Kochi, Mangalore, Hyderabad, Goa, Vadodara, Visakhapatnam and Bhubaneswar etc., in collaboration with organizations such as Port Trusts, Oil and Gas Industries, Universities, Defense Labs etc.

CSIR-Central Electrochemical Research Institute (CECRI), Karaikudi

CSIR-Central Electrochemical Research Institute (CSIR-CECRI) is a pioneer research organization belonging to Council of Scientific and Industrial Research (CSIR) and is one of the largest electrochemical institutes in the world, engaged in Research & Development in all the facets of electrochemical science and technology. CSIR-CECRI covers a gamut of fields covering Electrochemical Power Sources, Corrosion and Materials Protection, Electroplating and Metal Finishing, Electrochemical Process Engineering, Electro-organic & Materials Electrochemistry and Electrodeics & Electro-catalysis.

Objective of the Programme

On this CAD-2022, eminent personalities will deliver lectures on corrosion and its control. In addition, Poster competition will be conducted and best poster awards will be presented.

Poster Topic and Awards

- Electrochemistry and Corrosion

Name of the Award	Position	Prize (INR)
Gold	I	5,000 + Certificate
Silver	II	3,000 + Certificate
Bronze	III	2,000 + Certificate

- Consolation prizes will be considered depending upon the importance and interest of the topic. An independent jury committee will select the award winners.

Participants are encouraged to attend the program by offline mode at Dr. Abdul Kalam Auditorium, CSIR-CECRI. In addition, all the registered participants can also join the lectures through MS Team. Link will be sent to the registered participants only and no further sharing of link is admissible. Participants with their CAD-2022 event ID alone will be permitted through MS Teams. Participants must follow the COVID-19 guidelines during this program.

CAD - 2022 Registration Form

Benefit to the Participants

- ❖ e-Certificate (participation certificate to the registered persons only)

Registration Fee

- ❖ Bonafide Student / Research Scholar / Project Associate : Rs. 500/-
- ❖ Scientist / Faculty & Industry Participant : Rs.2000/-

Last date for registration: **8th April 2022**

No late registration will be considered

Bank details for online transfer

Bank Name : Indian Bank AC Campus
Address : Alagappapuram, Karaikudi
Name of the Account : National Corrosion Council of India
Account Number : 530837171
Nature of Account : Savings Bank
IFSC CODE : IDIB000A008
MICR Code : 630019203
SWIFT Code : IDIBINBBMDM

The registration fee has to be paid by cash or by online transfer or depositing in above NCCI account.

If the amount is deposited in NCCI account, then scanned copy of counterfoil must be mailed to nccikkdi@gmail.com
